Professional Summary

Senior iOS Engineer with 6+ years of experience in developing, and deploying high-quality iOS applications including top notch fintech apps like JazzCash and HyperJar. Expert in Swift, SwiftUI, and UIKit with strong knowledge of SOLID, DI, clean-architecture, MVVM, VIPER, TDD. Skilled in delivering high-performance, scalable, and user-friendly apps from idea to App Store launch.

EDUCATION

Bachelor of Science (Computer Science) - BSCS

2014 - 2018

Barani Institute of Information Technology

WORK EXPERIENCE

AKSA-SDS

Mar 2023 - Present

Senior Software Engineer - iOS

- Leading sprints and coordinating with cross-functional teams to ensure timely delivery of features.
- Revamped JazzCash app UI, delivering a modern and intuitive design.
- Optimized APIs, ensuring seamless and faster user experience.
- Raised App Store rating to 4.7 through development improvements in stability and UX.

Codes Orbit

Oct 2020 - Mar 2023

Software Engineer - iOS

- Delivered 4+ international projects, meeting timelines and client expectations.
- Worked with clients from wireframes to production, ensuring smooth delivery of features.
- Introduced SwiftUI/Combine in projects, reducing UI development time by 15-20%.

iOS Developer | Funsol Technologies & Goal Tech Group

Jan 2019 - Oct 2020

iOS Developer

- Developed and launched multiple iOS apps, successfully published to the App Store.
- Collaborated with designers, backend, and QA teams to deliver 3 projects on time.
- Streamlined the app submission process, ensuring smooth approval and timely releases.

PROJECTS

Jazz Cash

[View in App Store](#)

- Delivered key features (Islamic Saving, Raast Payment, App UI Revamp, Request-to-Pay, single MSISDN), contributing to **4.7★ App Store rating**.

HyperJar

[View in App Store](#)

- Built transaction history, notifications, and voucher features for a leading money management app.

Indie Apps

- Published multiple apps ([Stopwatch](#), [PrayerClock](#)), including a **Top 30 App Store Utility ranking**.
